

CARDIOVASCULAR SYSTEM

CARDIOVASCULAR HEALTH CLINICAL DATA

GUT MICROBIOTA IN CARDIOVASCULAR DISEASE AND HEART FAILURE

“Accumulating evidence supports a relationship between the complexity and diversity of the gut microbiota and host diseases.”

“There is a growing amount of clinical evidence supporting the theory that the gut microbiome and its metabolites have the potential for utilization as therapeutic and preventative targets for cardiovascular and metabolic diseases.”

PRODUCTS/INGREDIENTS THAT SUPPORT CARDIOVASCULAR HEALTH

PURIFY KIT

The Purify Kit is the cornerstone of all elite health goals! It begins with a one-week purification step and is comprised of patented products clinically tested to give your microbiome the overhaul it needs to start clean and fuel good health.

CARDIO PROTECT KIT

The Cardio Protect Kit provides a one-month supply of clinically-formulated products that target and support optimal cardiovascular health. The powerful ingredients contained in these products work to maintain healthy cholesterol levels, blood sugar levels, and blood circulation.

One Fortify Kit includes: 2 ProArgi-9+, 1 Omega-3, and 1 Metabolic LDL.

METABOLIC LDL

- Modulates oxidation of LDL cholesterol*
- Supports healthy cholesterol levels
- Features a powerful, proprietary antioxidant blend

PROARGI-9+

- Supports cardiovascular health
- Enhances blood flow to vital organs
- Combats the negative effects of premature cardiovascular aging
- Sweetened with Xylitol to enhance oral health
- May aid in decreasing body fat
- Anti-aging benefits
- Maintains healthy blood sugar levels already in normal range
- May boost energy levels

COQ-10

- Helps to reduce oxidative stress in all cells throughout the body.
- Supports the health of the heart, kidneys, liver, and pancreas.
- Promotes healthy cardiovascular function and general longevity.
- Supports energy production.

BODY GUARD

- Provides optimal antioxidant protection to cell membranes.
- Shark liver oil has been found to be effective in lowering LDL-cholesterol and blood triglycerides and raising HDL- cholesterol.
- Promotes vasodilatation which contributes in lowering the blood pressure (hypertension).
- Has demonstrated anti-inflammatory properties.
- Has shown beneficial on skin problems.
- Can help arterial walls become more elastic.
- Can help maintain healthy mucous membranes (lungs), healthy skin, and reduces build-up of plaque.
- Alkylglycerols enhance immune system response.

ESSENTIAL GREENS

- Phytonutrients provide health-protective benefits
- Antioxidants combat free radicals and help counter cell damage
- Chlorophyll enhances immunity and protects cells
- Alkalizing formula hydrates and detoxifies the body
- Greens are rich in nutrients and enhance energy

VITAMIN D3

- Provides 2500 IU of Vitamin D3 per tablet
- Aids in maintaining normal levels of calcium in the blood
- Supports a healthy immune system
- Facilitates calcium absorption in the body to support a healthy skeletal system
- Works with other vitamins, minerals and hormones to promote bone mineralization

CHLOROPHYLL

- Cardiovascular support
- Blood cleansing
- Immune enhancement
- Increased intestinal health
- Overall increased sense of well-being

BIOME BALANCE

- Combats endotoxins, which may interfere with gut performance and glucose metabolism*
- Supports gut health*
- Supports healthy insulin response
- Supports already healthy cholesterol and triglyceride levels*
- Gluten Free | Vegan | Non GMO
